Re: Testimonial Letter

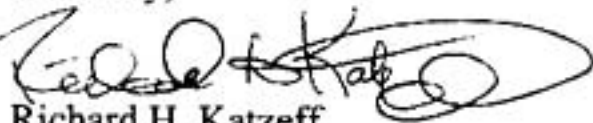

Dear Don:

I am pleased to write a testimonial letter based on my working experience with Don Duchess over the last eight to ten years regarding various roof leaks at our home located in Eastlake Woodlands. Our roof leaks that Don has resolved over the years have been both minor and significant. I have experienced the same level of response and professionalism from Dutch's Roofing Company regardless of the scope of the project.

Mr. Don Duchess is a high integrity individual that provides quality services. When you are dealing with roof leaks/problems it requires experience and technical expertise. Don is someone you can trust and feel comfortable the job is being done properly.

In closing, I highly recommend Mr. Donald Duchess to assist you if you have any Roofing needs whether it's a repair and/or replacement. He is a true professional!

Sincerely,
